SUMMARY

Diligent and versatile Frontend Developer proficient in a wide array of technologies, including React, Next.js, Tailwind CSS, SCSS, Bootstrap, TypeScript, Redux, and Axios. With a keen eye for design and a commitment to crafting seamless user experiences, I excel in building dynamic and responsive web applications. Experienced in state management, API integration, and utilizing the best practices of modern frontend development. Adept at collaborating with cross-functional teams and passionate about staying updated with the latest technologies to deliver cutting-edge solutions.

WORK EXPERIENCE

Front-end developer

march 2022 - Present

Greenwiz Consultants (OPC) Private Limited

- 1. React.js Proficiency:**Expertise in developing dynamic user interfaces using React.js, ensuring a responsive and seamless user experience.
- 2. Advanced CSS Skills:**Achieved enhanced UI designs through proficient use of CSS, employing best practices for efficient styling and layout.
- 3. Redux and Redux Toolkit Mastery:**Demonstrated mastery in state management with Redux and Redux Toolkit, optimizing data flow and ensuring a robust application architecture.
- 4. Efficient Component Development:**Consistently developed reusable and efficient React components, contributing to a modular and maintainable codebase.
- 5. Collaborative Problem-Solving:**Actively engaged in collaborative problem-solving, participating in discussions to identify and implement effective solutions for complex issues.
- 6. Optimized Code Quality:**Committed to maintaining high code quality standards, collaborating with team members to ensure adherence to best practices in coding and development.
- 7. Efficient Bug Resolution:**Streamlined and expedited the bug-fixing process, ensuring prompt identification and resolution of issues to maintain a stable and error-free application.

Front-end developer - intern

october 2021 - march 2022

Greenwiz Consultants (OPC) Private Limited

- 1. Responsive Website Development:**Collaborated with the development team to create and maintain a responsive website.
- 2. React.js and Redux Expertise:**Utilized React.js and Redux for front-end development, ensuring efficient state management.
- 3. CMS Integration and Dynamic Data Rendering:**Integrated Strapi CMS for seamless content management and implemented dynamic data rendering.
- 4. SCSS Styling and Bootstrap Implementation:**Applied SCSS for styling and Bootstrap for consistent design, ensuring a polished and user-friendly interface.
- 5. Comprehensive Contribution:**Contributed to bug fixing, feature development, and API integrations, actively participating in various aspects of the project during the internship.

EDUCATION

Bachelor of Computer Applications - Computer Science
kamla nehru mahavidyalaya, Nagpur.

july 2017 - june 2021

Completed a dynamic BCA program at Kamla Nehru College, where I gained hands-on experience and skills in computer applications and software development. Key points include:

- Developed a strong foundation in programming languages and software development methodologies.
- Proficient in problem-solving through coursework and collaborative projects.
- Contributed to impactful projects, demonstrating adaptability and effective teamwork.
- Committed to continuous learning and staying updated on industry trends.
